

**TECHNOLOGY USER AGREEMENT
(Board Policy 698F1)**

I, _____, a student or employee of Blackfoot School District, understand and agree to comply with the *Acceptable Technology Use Policy Terms and Conditions*. Further, I understand, agree and shall comply with the following terms and conditions:

1. The use of the District's network, associated software, network accounts, and online services is a privilege and responsible use is required. Some examples of irresponsible use would include, but not be limited to, unapproved software, unlicensed software, key logging software or hardware devices, the placing of unlawful information on the system, or information which conveys an offensive, profane, sexually suggestive message, or harasses or disturbs by pestering or tormenting, including, but not limited to, intimidation because of a person's race, color, religion, gender, sexual orientation or ethnicity in either public or, upon registration of complaint, private messages or other systems that are accessed through the District's network. The District will be the sole arbiter of what constitutes irresponsible use.
2. The District's network or online services may not be used for conduct or communication that embarrasses, harms or in any way distracts from the good reputation of the District, its staff, students or any organizations, groups, or institutions with which the District's network is affiliated. The District will be the sole arbiter of what constitutes unacceptable behavior. It also includes illegal or unauthorized entry or attempt to gain access to another person's data, accounts, computers, or computer systems.
3. The District reserves the right to review any material stored on District-provided storage or services to which any users have access and will edit or remove any material which the District, in its sole discretion, believes may be unlawful, or constitutes irresponsible use as set forth in paragraph one, above. Any individual, who uses, sends, receives or stores information via the District's network or online services has no expectation of privacy associated with such actions.
4. All services and features on the District's network and associated online services are intended for educational or professional use. Any commercial or unauthorized use of those features or services, in any form, is expressly forbidden.
5. In consideration of the privilege of using the District's network and associated online services and in consideration of access to these, I release the District's network, its operators and sponsors, the District and its staff, and all organizations, groups and institutions with which the District is affiliated, from any liability and from any claims I may have, of any nature, arising from my use, my inability to use, and from others' use of the District's network or online services.
6. My access to the District's network and online services is subject to such rules and regulations of system usage as may be established by the administrators of the system, which may be changed from time to time. Violation of this network agreement may result in disciplinary action.
